# HUDSON'S Artistic Parquetry Floors (WOOD BLOCKS)

Did you ever observe upon entering a room you instinctively look at the floor?

Hudson's Parquetry or Super Floors represent an investment as permanent as the building itself.

The harmonious blending of colour schemes and the proper selection of patterns for various rooms is comparatively easy with the aid of our specialists.

Hudson's Hardwood Super Floors laid and polished are much cheaper than a good carpet. Our showrooms at 7 Castlereagh Street, near Hunter Street, City, have an exquisite display of Parquetry Floors.

We appreciate inspection.

Head Office & Works : BRIDGE ROAD, GLEBE.

# GEORGE HUDSON LIMITED

A Beautiful Polished Block Floor laid direct on Concrete.

The above cabaret is in a basement and is considered to be one of the most up to date in the Commonwealth of Parquetry Design is laid in Tasmanian Oak with Tasmanian Blackwood Centres.

This exquisite floor

## WORTH NOTING

Hudson's wood block Parquetry and Super floors are suitable for every modern building, including Offices, Hospitals, Churches, Clubs, Cafes, Dance Halls, Convents, Schools, Hotels, Showrooms, Show Windows, Public Buildings, Workshops, and Private Homes.

They are perfectly sanitary, clean and easy to care for. In Hospitals and Public Buildings the drudgery of heavy sweeping and scrubbing is replaced by a simple wiping of the floors with a "Ronuk" brush covered with a soft cloth.

In every sense of the word Hudson's Parquetry Floors make less work and the cleaning force is cut in half.

Germ-laden dust finds no nesting place in the tight-jointed and polished surface of Hudson's Parquetry Floors.

## Hudson's End-Matched Flooring

### SECTION SHOWING END MATCHING.

Architects and Builders.—We strongly recommend that you obtain all floorings end-matched. By this we mean tongued and grooved on the ends, as well as sides, because it has the following distinct advantages over the old-fashioned style of ordinary flooring:—

Entirely eliminates all waste, produces perfect joints, reduces fixing costs, avoids end nailing, saves you money. Once used always demanded.

We shall be pleased to supply samples and any further information upon request.

GEORGE HUDSON, LTD.,  
Flooring Specialists,  
GLEBE.

City Office: 7 CASTLEREAGH STREET.

# GEORGE HUDSON LIMITED

## Hudson's Artistic Parquetry or Super Floors.

To meet the enormous demand for this modern floor covering, George Hudson, Ltd., have recently erected an extensive building for the preparation and mechanical handling of this product.

Having installed duplicate sets of most expensive machinery, we are now in a position to guarantee all orders receiving timely execution.

Super Flooring is prepared from thoroughly seasoned and selected timber, which is carefully matched on sides, cut accurately to length and tongued and grooved on the ends.

This material is then ready for attaching to the surface of your existing floors, which are first covered with felt, to eliminate sound, then secret nailed, sand papered by our electrical machines, and wax polished, producing an indescribably beautiful floor.

In fixing, we employ many designs and harmoniously blend together every suitable timber procurable in this continent, with most artistic field and border designs.

Hudson's Super-Floor is manufactured only from thoroughly seasoned timber, it will not shrink or warp, and being tongued and grooved all round, it is completely interlocked, which compels it to remain in position where fixed.

Super Flooring is incomparable with all other floor coverings, both as regards appearance and its everlasting qualities, and is very much cheaper than carpets, and more hygienic.

We supply Super Flooring fixed, electrically cleaned off, filled in and wax polished, or the materials "ready cut" in bundles, milled, end-matched to approved designs and ready for fixing.

We stock Hudson's Super Flooring in Pacific Oak, Jarrah, Maple, Blackwood, Mountain Ash, Tasmanian Oak, Tallow-wood, Rosewood, Silky Oak, etc., etc., and can prepare in lengths and sizes for making up any design.

We will be pleased to quote for materials only, or for the flooring fixed and polished complete.

We have permanent fixing staffs in Sydney, Melbourne, Brisbane, and throughout New Zealand, where we are installing regularly thousands of yards of this beautiful flooring.

We can quote you for super flooring, secret nailed to wood surface or wood flock flooring securely set in mastic to cement surfaces.

Any further information, quotations, or illustrated catalogues freely given on request to our Manager, Super-Floor Department.

**GEORGE HUDSON, Ltd., Flooring Specialists,**

## Hudson's Electric Floor Surfacers

WE WILL ELECTRICALLY SANDPAPER AND WAX  
POLISH YOUR FLOORS ANYWHERE

We have a Fleet of 25 of the most modern and best equipped Floor Surfacing Machines obtainable. They have special vacuum attachments which collect the dust from the roller. The edging system is perfect, enabling us to work practically right up to skirting and outside finishes. Where power is not available, we can supply a petrol-driven generating set. These machines are for hire by the day or contract, for any class of floor levelling; we supply most capable and carefully trained operators, and use the highest grade of garnet paper.

We make our own arrangements for supply of power and carry out work in any part of Australasia.
